RE: Water System Name: SAGUARO VIEW MGMT COMPANY
Water System Identification Number 07169
Inorganic Chemicals (IOC) - erroneous violations removed

Dear Saguaro View Mgmt Co,

It was brought to our attention by Maricopa County that Arizona Department of Environmental Quality (ADEQ) had erroneously given your system missed monitoring violations for Arsenic. After review, we determined that there had been an error in the compliance schedule, and in fact the violations were incorrect. The error has been corrected, the violations have been removed and the issue rectified for future compliance determinations. This letter supercedes any Arsenic missed monitoring violations you received since your arsenic monitoring schedule was reduced to 1 sample every 3 years on January 1st, 2014. We apologize for the inconvenience this has caused your system. Please feel free to contact me at (602) 771-4866 or at hoskin.julie@azdeq.gov if you would like to discuss further.

Thank you,
